GETTING TOUGH ON CRIME

We are dedicated to electing serious, tough-on-crime leaders who are not afraid to address Shelby County's crime challenge.

EDUCATION IS OUR FUTURE

The future of our county is tied to the education of our students today. We want strong school board members who will improve educational outcomes for every child, regardless of where they live in Shelby County.

ELECTING AUTHENTIC LEADERS

Join us and help elect great candidates in Shelby County who will provide strong leadership for a better tomorrow.

JOIN AN OUTREACH TEAM IN YOUR AREA!

We are Shelby County!

We're looking for passionate people from every corner of Shelby County to join our mission to create safer neighborhoods and stronger schools.

Our community outreach teams and clubs are active across the county—hosting local events, engaging with neighbors, and making a real impact where it matters most. From festivals and forums to service projects and political gatherings, there's a place for you to get involved.

Click the link below to see what's happening near you.

Our Outreach Teams are ready to connect you with others in your area who share your values and your vision for a better Shelby County.

MORE INFO

ELECTIONS MATTER

It's Time For A Change

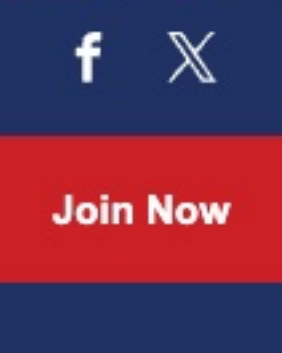

Shelby County is an incredible place to live — but we must face the truth: crime has reached a breaking point.

After decades of Democratic control at nearly every level, Memphis and the surrounding communities are suffering the consequences. Violence and lawlessness are no longer confined to one area — they're spreading into every neighborhood.

Elections have consequences. And the Republican Party of Shelby County is standing up to say: Enough is enough.

We're committed to electing leaders who will take crime seriously, restore public safety, and protect the families of West Tennessee. The ShelbyGOP is focused on real solutions — not excuses — and we're working to clean up our streets, support law enforcement, and rebuild safe, thriving communities.

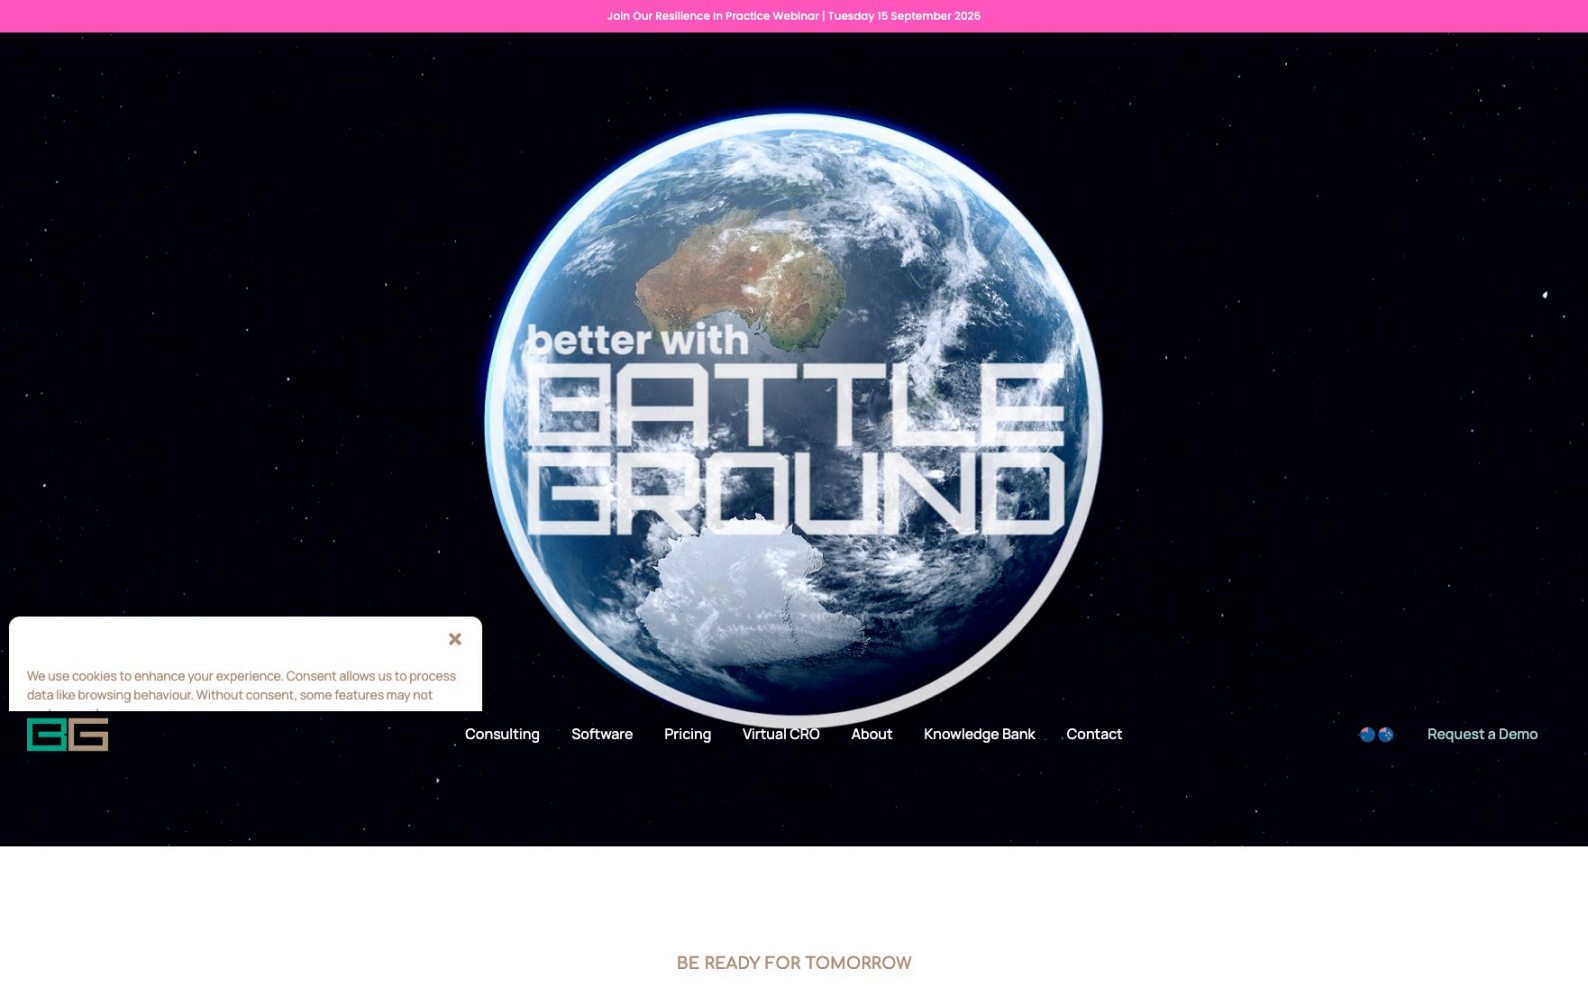

Join us in this fight for the future of Shelby County.

BE READY FOR TOMORROW
With two decades of experience, Battleground's consulting and award-winning software prepares you to respond in tomorrow's battleground.

A software driven

Business Continuity, Emergency & Crisis Management

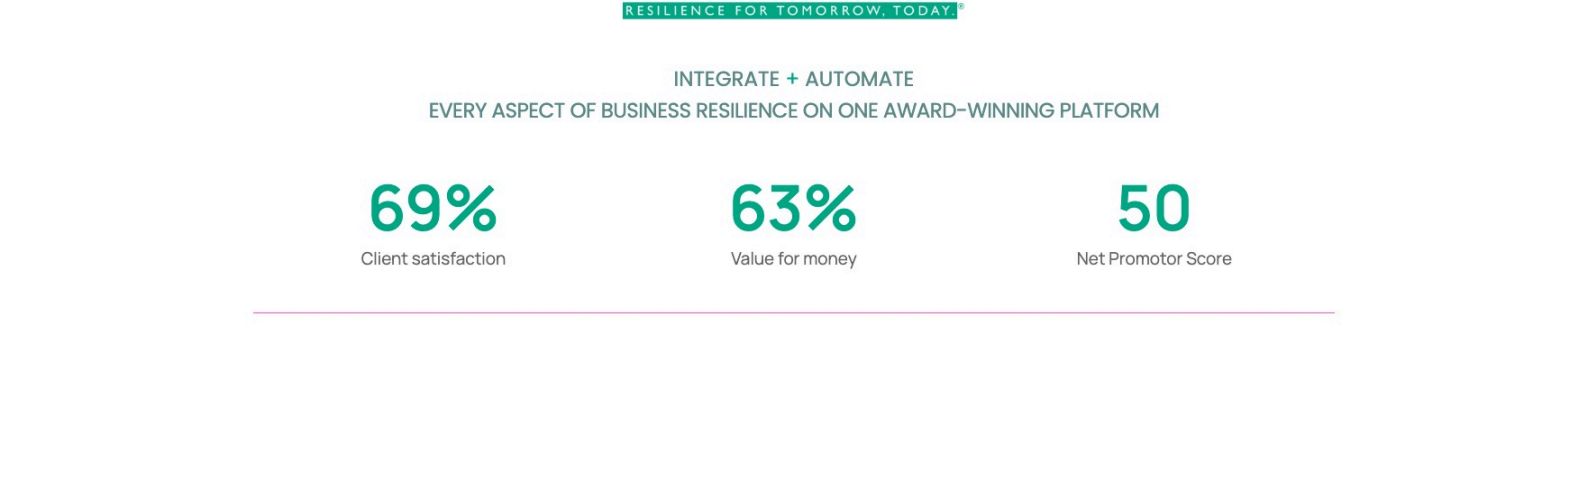

Assisting you with the entire lifecycle of resilience from business continuity, to crisis and emergency management. When business interruptions occur, Battleground prepares you with the right strategies to continue and even enhance your organisation's performance, enabling you to react quickly, consistently and effectively.

Enterprise & Operational Risk Management

Seamlessly integrating risk, resilience, and resources to empower organisations with actionable insights. Our unique approach recognises that objectives, operational design and resilience must work together to grow and protect business value. Battleground's new CRC platform is built from the ground up by people who know risk, for people who manage risk.

Simulations, Exercises & Training

When faced with an incident it is essential to react quickly, consistently and effectively. When something goes wrong, how you respond and communicate both inside and outside your organisation can make all the difference. Meet compliance requirements with Battleground's comprehensive training and simulation software and consulting.

Integrate + Automate
Every aspect of business resilience on one award-winning platform

69% Client satisfaction 63% Value for money 50 Net Promoter Score

Business Consulting, Risk & Resilience Software for today's leading businesses.

Purpose built from the ground up

Welcome to Battleground, a leading Business Continuity Management (BCM), Risk Management and Crisis Management consultancy and specialist vendors of purpose built software.

Ensure your business is resilient with pragmatic and useful tools that can be easily embedded into any organisation, enabling your full lifecycle of BCM, risk management and resilience, online.

Meet the Battleground Team

Battleground is revolutionary in its simplicity, real-time approach. Robust and easy-to-use software. Available in app and online.

Software Overview Consultancy Services

Risk Intelligence. Re-thought.

Battleground's resilience-first CRC system transforms risk and compliance by embedding operational resilience at its core.

Designed by experienced practitioners, it empowers frontline leaders, not just risk teams, to engage meaningfully with risk.

The Battleground Live platform begins with process understanding and dependency mapping, connecting risks directly to business operations. It simplifies data entry, automates reporting, and enhances consistency. Dynamic dashboards provide actionable insights, while resilience assessments identify gaps before incidents occur.

Scalable, modular, and user-friendly, Battleground's system evolves with your organisation. By making CRC intuitive, accessible, and proactive, Battleground helps businesses thrive in uncertainty—not just survive it. The future of risk management starts here.

Reducing the volume of manual inputs and uploads, RADAR is your guide to risk intelligence.
